

LOUIE'S ANIMAL Fun Facts

BROWN BEARS

- Brown bears aren't just brown. Some have more of a cream color, or a very dark brown, almost black color to them.
- Brown bears are also known as grizzly bears!
- Brown bears dig cozy dens with their long claws. They sleep in dens for most of the winter, hibernating. Their heartbeat slows down to only 10 beats per minute.
- Brown bear mamas have babies during the winter while they are asleep! The babies drink mama's milk and stay warm in her fur. In the spring, mama wakes up to meet her new cubs!

LOUIE'S ANIMAL Fun Facts

PIGS

- Pigs are very smart animals. They are curious and insightful and are as smart as dogs and even some primates.
- There are numerous stories of pigs that have saved the lives of humans. For example, a pet pig named Pru pulled her owner out of a muddy bog when she was stuck. Another pig named Priscilla saved a young boy from drowning.
